

PREPARING FOR YOUR ARRIVAL AT THE UNIVERSITY OF ILLINOIS MEDICAL CENTER

A talented staff of physicians, nurses, therapists, technologists, and other health care professionals bring expertise to every aspect of patient care at the University of Illinois Medical Center. Our goal is to make your referrals to UIMC as easy as possible for you and your patient. The University of Illinois Medical Center has been moving medicine forward for the benefit of the people of Illinois and beyond since 1859. The Medical Center includes a 491-bed tertiary hospital, an outpatient facility, specialty clinics, the UIC College of Medicine, and five other health science colleges. More new physicians earn their medical degrees here than at any other medical school in the country.

As a leader in patient care, research and education, UIMC is committed to changing medicine and changing it for good.
